

OMNIA X™

Exchange any asset, anytime, anywhere

OMNIA X™

Exchange any asset, anytime, anywhere

Omnia Exchange is the next-generation infrastructure layer from LMAX, delivering institutional-grade liquidity across fiat, crypto, stablecoins and digital assets.

Why choose Omnia Exchange

- Seamless cross-asset value transfer
- Institutional-grade liquidity trusted by the world's top 40 banks
- No minimum trade size, no batching, no added market risk
- 24/7 market access with zero scheduled downtime
- Flexible settlement on blockchain or via traditional rails
- Built-in compliance with KYC/AML ready infrastructure

Who we work with

Omnia supports organisations building and scaling global financial infrastructure.

Payment providers

Eliminate intraday market risk and scale global payment flows

Stablecoin issuers

Unlock utility across trading, payments and treasury

Mobile network operators

Enable global remittance and payments

Treasury & payroll

Accelerate settlement with real-time, multi-asset liquidity

Wallets & custodians

Execute secure, custody-native asset swaps

On/off ramps

Simplify fiat-to-crypto conversion

Super apps

Embed multi-asset payments and trading directly in-app

Agentic payments

Enable automated financial workflows
