

LMAX GLOBAL LIQUIDITY IS NOW AVAILABLE THROUGH KX TRADING PLATFORM

London, 14 February 2018 - LMAX Global, the FCA regulated broker for FX and part of the LMAX Exchange Group, is pleased to announce that its global liquidity has been added to the Kx trading platform, Kx for Flow, one of the leading technology platforms for FX trading.

Institutional clients and brokers, using the Kx for Flow trading UI, will now have access to LMAX Global liquidity, tight spreads and completely transparent, precise exchange quality execution with no 'last look' as standard.

Rob Brown, International Development Executive at LMAX Global commented: "We are very pleased to announce the partnership with Kx. The link will offer more institutional clients an enhanced trading experience - delivered through the combination of Kx for Flow leading technology and direct access to trade through LMAX Global on the central limit order book with streaming firm liquidity from top tier banks and proprietary trading firms."

Rich Kiel, Head of FX Solutions at Kx adds: "As a leading provider of FX trading technology we strive to provide our clients access to deep global liquidity pools, the most competitive spreads and superior execution capabilities. The interface to LMAX Global will significantly enrich our clients' trading experience."

About the LMAX Exchange Group:

LMAX Exchange Group is a global, high-growth financial technology company that is leading the transformation of the global FX industry to transparent, fair, precise and consistent execution. Operating one global marketplace for trading FX, metals, indices and commodities, LMAX Exchange Group delivers open access, transparency and level playing field to all market participants.

LMAX Exchange Group offers all clients the ability to trade on LMAX Exchange central limit order book, driven by streaming no 'last look' limit-order liquidity from top tier banks and non-bank financial institutions. Servicing funds, banks, brokerages, asset managers and proprietary trading firms, LMAX Exchange Group offers an anonymous, regulated, rules-based trading environment, order execution in strict price/time priority, and access to real-time streaming market and trade data, enabling all market participants to control execution quality and total trading costs.

Offering a comprehensive range of instruments and ultra-low latency execution, LMAX Exchange Group operates a global FX exchange infrastructure with matching engines in London, New York and Tokyo.
